

MYSTICAL INTERLUDES

An Ordinary Person's Extraordinary Experiences

A Memoir

EMILY RODAVICH

Emily Rodavich considers herself an ordinary person whose unexpected and astonishing experiences caused her to feel "different" from her family and friends. When she was in elementary school, her gently cultivated faith in God enabled her to survive abuse and trauma without lasting anger, bitterness, or blame. At age eighteen she had a near-death experience, which seemingly opened the door to subsequent spiritual events. Unable to share her mystical encounters with most friends or family for fear they'd think her "strange," she kept them to herself. Now in her later years, she realizes the many meaningful ways those fortuitous happenings have impacted her life. In hope that other "ordinary people" like herself will come forth and share their "extraordinary experiences," she chronicles ten of her stunning interludes in this book.

Currently at work on the sequel, *Mystical Interludes II: The Extraordinary Experiences of Ordinary People*, Rodavich is dedicated to collecting and writing about the mystical interludes of others—not because she's trying to be another Dr. Raymond Moody, but for the purpose of doing her small part in bringing these significant, life-changing events out of shadow and into the light of day. She is available for interviews and speaking engagements.

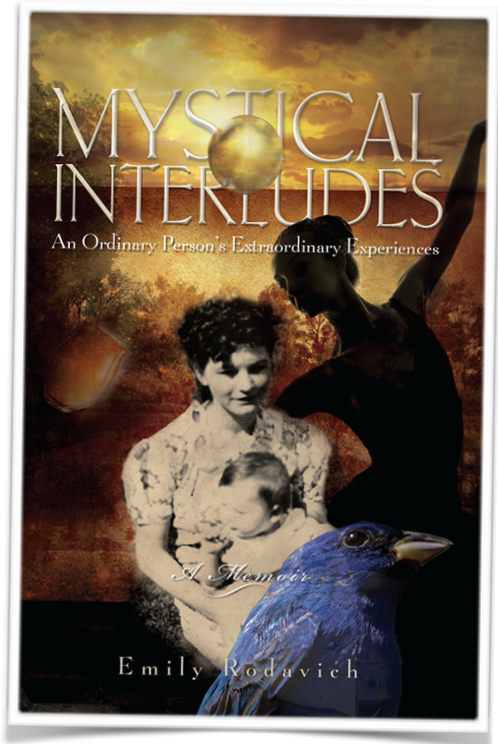

EMILY RODAVICH is a retired teacher of high school English, mother of three, and grandmother of four. She has traveled to parts of the United States and to Europe, Egypt, China, Thailand, and Israel partly to explore spiritual, religious, and supernatural mysteries, including her own. She lives near Pittsburgh,
